CATUS
 TOUCH PLUS
 DIGITAL MORTISE DOOR LOCK

Introducing Catus Touch Plus.
The most advanced 4-in-1
digital door lock for your
home.

AFFORDABLE KEYLESS TECHNOLOGY.

Product Code: 4200

Variant: Black, Rose Gold, Champagne Gold

CATUS TOUCH PLUS
DIGITAL DOOR LOCK

360° FINGERPRINT RECOGNITION

Once registered, sensor recognizes upto 99 fingerprints at any angle.

PIN CODE

Register up to 99 unique pins. Save password of 4 to 9 digits for enhanced password strength.

RFID Card

Register upto 99 cards for multiple user access.

MECHANICAL KEY

In case of emergency the lock can be opened with mechanical key.

PRIVACY FUNCTION

If the privacy button is on, the lock can't be opened from outside by Finger Print, RFID Card or PIN, Only mechanical override and master password is possible.

ANTI PRANK ALARMS

Lock stops functioning for 3 minutes after 3 failed attempts and generates a series of alarm.

ADJUSTABLE SPY CODE

Random numbers can be added before or after the password in presence of strangers, thereby maintaining secrecy.

For e.g if the password is 1234 the lock can be opened by entering 1)56781234* 2)12345678*

LOW BATTERY INDICATION

A beep sound alerts you in advance with LED indication to replace the battery.

MULTI LEVEL VOLUME CONTROL

Adjust volume with mute function for silent operations.

EMERGENCY MICRO USB

In case the battery is completely discharged external Power Bank can be used to provide emergency power supply to operate the lock.

WRONG PASSWORD INDICATION

Wrong password will give a beep sound.

AA BATTERY

Lock works on AA battery which is long lasting and provides stronger discharge currents for a much longer life.
