KEY FEATURES

Abrasion Resistant

Designs that scrub off any signs of dullness and boredom

Impact Resistant

Our designs can endure more and still look good

Special Sizes

Offered in a varied array of special sizes that enables less wastage and cost reliability. A sustainable collection that strikes a perfect balance between efficiency and tranquility.

Hot Water Technology

Instilled with finest quality raw materials and build using High pressure and hot water technology, Timex Mica engineers bubble free and chip-resistant sheets that enhance the beauty of your surroundings.

Moisture Resistant

Remove any stress of spilling of water ruining your decor

Heat Resistant

Our products can weather heat like a boss

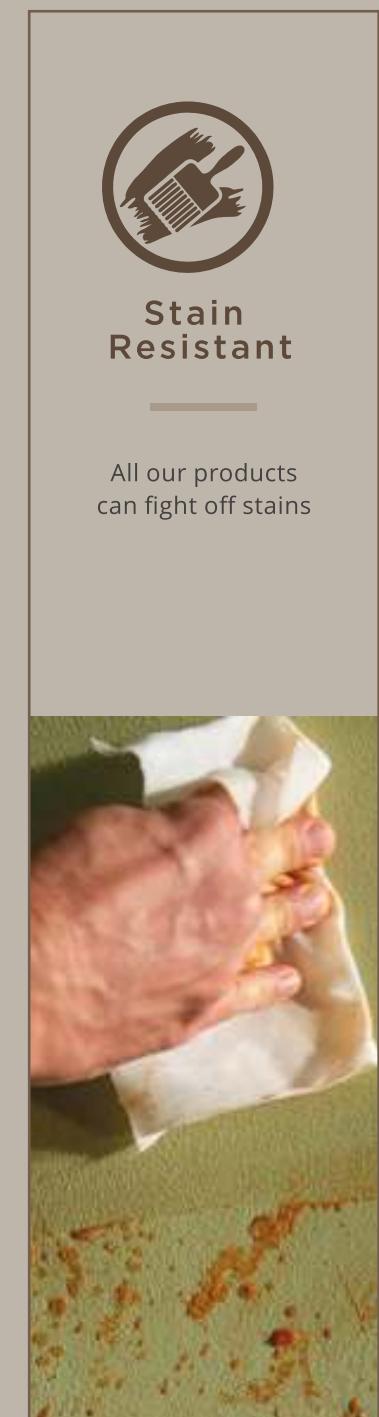

Anti Bacterial Laminates

The designs protect themselves from bacteria

European Mould

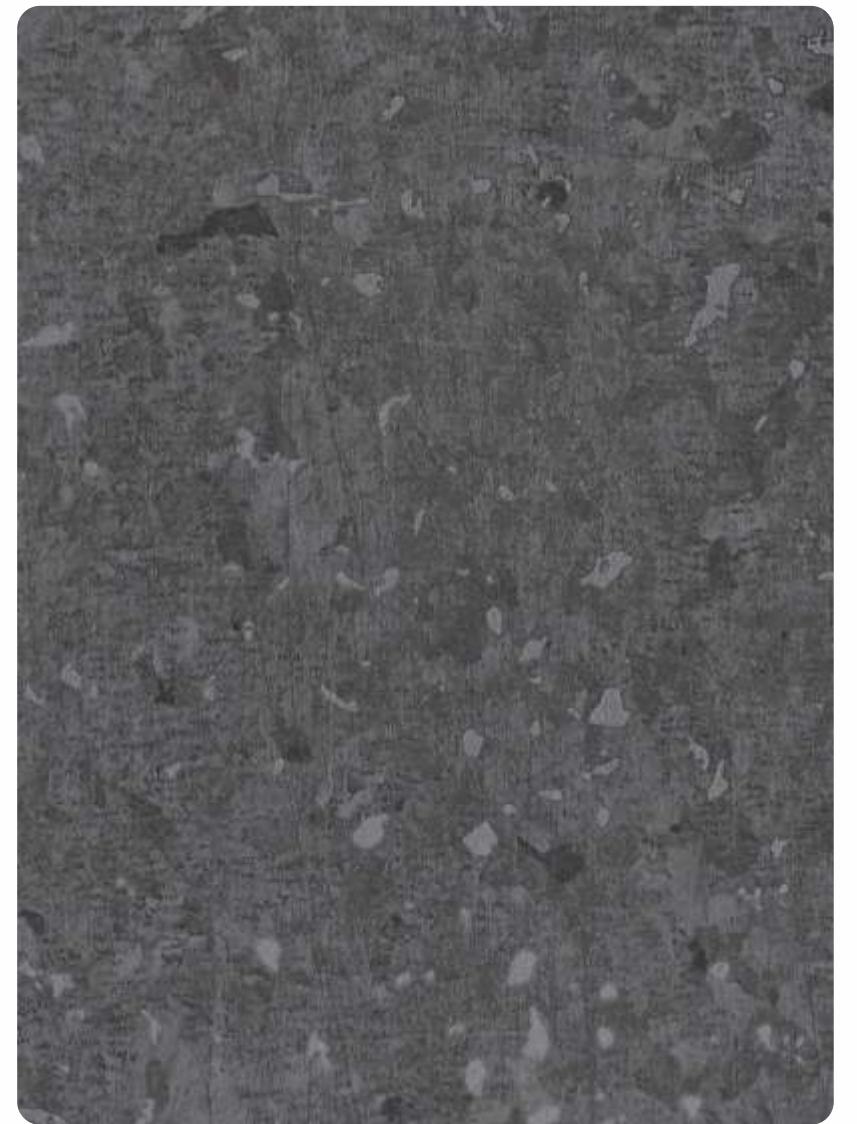

Determined to produce quality consistency and finest functionality, Timex Mica uses 100% pure and internationally imported European Mould to ensure at par safety.

Stain Resistant

All our products can fight off stains

The page features a dark brown background with a subtle wood grain texture. At the top, there are three small, stylized leaf or leaf-like icons. Below them, a large, light-colored rectangular area contains the text "SUEDE COLLECTION" in a bold, sans-serif font. To the left of this text, there is a smaller paragraph: "Textures that spread elan and add a charismatic look to your decors, choose versatility and grandeur." To the right of the main title, there is a large, close-up photograph of a piece of wood with prominent, swirling grain patterns. In the bottom right corner of the main text area, the website address "www.timexmica.com" is written in a smaller, white, sans-serif font.
